The College Summit App Map

Get Online, Make Friends, and Find Your Way To and Through College!

Welcome to the College Summit App Map, where you can find apps to support, inform, and coach you to and through college. The 19 apps you see here were the winners of a national competition called the College Knowledge Challenge. The map shows the tasks or "milestones" you have to achieve each year in high school and college to stay on the path to success. Next to each milestone you'll find the name of an app that helps you achieve that milestone. Most apps are free and can be accessed at **collegeappmap.org** or by going to the web addresses listed next to their description on the back page. Just find your year in school on the map, choose the milestone you need to complete, find the apps that will help, click, and go!

College Knowledge Challenge Winners

What's Your Road • Matches up high school students who have highlighted their interests and attributes with profiles and advice from professionals who have experienced similar life journeys. roadtripnation.com/wyr

College Connect • Provides high school students with a compelling visualization of their Facebook network, so they can identify individuals who could be valuable resources in their college search. collegeconnect.us

CareerConnect • Enables high school students to find answers to questions about college and career from real working professionals. careervillage.org/pickyourflavor

Tractus Insight • Guides high school students through the college search process, like a professional counselor would, without selling or sharing student information as other search tools often do. tractusinsight.com

Fast Forward • • Helps students struggling with their future plans to fast forward themselves into potential careers and see the paths they may take to get there. apps.facebook.com/unigofastforward

PossibilityU • Harnesses the power of college data, smart algorithms, and personalization to simplify college search, improve results, and make meaningful recommendations across more than 4,000 US colleges. possibilityu.com

Zombie College • • • Teaches the basics about college-going in a highly interactive and fun game. Download from the Google Play App Store or the iTunes App Store.

Applyful • Allows applicants and their supporters to discover, organize and share information about college. applyful.com

WOOP • • • Uses a cognitive strategy called Wish Outcome Obstacle Plan to help students overcome obstacles and achieve their goals of getting to and through college. wooptoandthroughcollege.com

Raise • Enables high school students, starting in the 9th grade, to earn "micro-scholarships" towards college based on their individual achievements and progress toward graduation. raise.me

I'm First • A community with specific information and guidance for first generation college-goers along with inspiration from other students who were first in their family to achieve college. imfirst.org

College Abacus • Provides high school students with individualized financial aid estimates direct from colleges and a one-stop search for comparing higher education pricing before they apply to college. collegeabacus.com

CollegeGo • • • Presents 25 steps to college in an interactive format using game, video, and search features to help high school students plan their college journey. Download from the Google Play App Store.

FAFSA Community • A comprehensive resource for helping students complete the FAFSA and apply for financial aid. nerdwallet.com/nerdscholar/fafsa

Logrado • • • • A guidance system that enables schools and college access programs to connect students with mentors and classmates to achieve missions targeting the critical steps for college success. **logrado.com**

MyCoach • • • • Helps college students keep track of key deadlines by providing automated alerts delivered to their mobile devices and Facebook accounts. beyond 12.org

KRED • • • • A socially-networked and moderated game for schools and college access programs that motivates and rewards students to take the actions they need to access and succeed in college. collegekred.com

GradGuru • • • Provides community college students with advice, alerts, and rewards to help students stay on track to academic success and graduation. gradguru.org

Transfer Bootcamp • Serves as a transfer planner for community college students seeking to transfer to a fouryear university. transferbootcamp.com
